@WimboldsleyCPS

**W**e have finally reached the end of January and are looking forward to February and all that it brings. This means we only have two weeks left until half term, but what a jam-packed two weeks they will be! The promise of Spring round the corner and lighter nights gives us all something to look forward to, as does our whole-school trip to Chester Zoo just before we break up. Next week sees the annual Number Day and is looking like a real fun-filled day. Have a great weekend.

## FOCUS ON - YEAR 4

Year 4 have been busy, busy, busy this half term, and there's still two weeks to go! In English, we have loved reading the story of 'Escape from Pompeii' and producing some fabulous writing based around the characters of Tranio and Livia. In maths, we have looked at multiplication and division and have just started investigating perimeter. Our history work is all to do with Ancient Egypt and we have looked at why people lived so close to the River Nile. Our art this term is looking how to create space in 2D artwork and exploring the artwork of Claude Monet. Phew - what a lot we have learnt!

## Friday 7th February

Next Friday is Number Day and we are inviting children to pay £1.00, which will be donated to the NSPCC, to come into school wearing number-themed clothes and spend the day completing all sorts of maths-related activities.

*Any parents or carers are welcome to drop-in from 2:45pm, when they can complete various number tasks with their children.*

**VALENTINE'S DAY** is fast approaching and the celebrate, the PTA are organising a fundraising day on Friday 14th February. Children can pay £2 to come to school wearing red or pink and will have Valentine's activities in the afternoon, including decoration your own Valentine biscuit. *More details to follow*

Visitors from 'MyHappyMind' came in this week to film our lovely children. The children made us so proud in their lessons and those who were interviewed spoke so confidently about the impact and importance that the 'My Happy Mind' programme has had on their lives. Don't forget you can download the App, which will give you access to lots of the resources we use in school including happy breathing exercises and the songs to sing along to.
